

Day 1. November 6 (Thu.)				
Time in	Time out	Studio 4		
13:00	14:15	ENG	New Therapeutic Strategies for Hypertension Management	
14:30	15:45	ENG	Asian-Pacific Session: Global Call to Action to Control High Blood Pressure	
16:00	17:15	ENG	Meet the Editor Session Issues and Changes in Scientific Publication	

Day 2. November 7 (Fri.)					
Time in	Time out	Room A	Room B	Room C	Room D
08:40	09:55	ENG Hypertension in Young Adults, When, Why, and How	Proteomics in Hypertension: Unraveling Molecular Mechanisms and Clinical Applications	Working Group on Basic Hypertension Research: The Impact of SGLT2 Inhibitors on Pathogenesis of Hypertension	From Pressure to Prognosis: Vascular Imaging and Risk in Hypertension
10:05	10:25	Opening Ceremony			
10:35	11:05	ENG  Young Investigator Award	Clinical Research Award	Industrial Symposium I 	Industrial Symposium II 
11:15	11:45			Industrial Symposium III 	
11:55	12:25	ENG Plenary Lecture			
12:35	13:15	ENG Luncheon Symposium I 	Luncheon Symposium II 	Luncheon Symposium III BORYUNG inno.N	Luncheon Symposium IV  
13:25	14:40	ENG Smart Hypertension Care: AI, Big Data, and Digitalomics	Health Care Policy: Optimizing Hypertension Management through Team-Based Care and Task Shifting	ENG Working Group on Pediatric Hypertension: Pediatric Hypertension Guideline & Public Policy	Familiar Isn't Allways Best: Challenging Habits in HTN Care
14:50	16:05	ENG The Cuffless BP Monitoring Era: Innovation, Validation, and Future Directions	고혈압 국가연구사업의 현황과 미래	Working Group on Hypertensive Cerebrovascular Diseases: The Silent Work of Sleep: Glymphatic System, Brain Health, and Blood Pressure	Exercise Science in Hypertension Research: From Bench to Bedside
16:15	17:30	ENG Controversies and Consensus in the 2024 ESC Hypertension Guidelines	Advances and Controversies in Renal Denervation	Working Group on Resistant Hypertension: Solving the Unsolved	Contemporary Dietary Approaches to the Prevention and Management of Hypertension

Day 3. November 8 (Sat.)					
Time in	Time out	Room A	Room B	Room C	Room D
08:00	08:20			Industrial Breakfast Symposium I 	Industrial Breakfast Symposium II 
08:30	08:50	Industrial Breakfast Symposium III 	Industrial Breakfast Symposium IV 	Industrial Breakfast Symposium V  	Industrial Breakfast Symposium VI 
09:00	10:15	ENG Hypertension in Older Adults: Common and Difficult Problems	Emerging Mechanisms and Targets in Hypertension and Cardiometabolic Diseases	Working Group on Blood Pressure Monitoring: Behavioral and Environmental Factors Influencing Blood Pressure Control	Managing Atrial Fibrillation in the Hypertensive Patient: From Pathophysiology to Treatment
10:25	11:40	ENG Deep Dive into Hypertensive Disorder of Pregnancy	Intelligent Care: AI in Hypertension Practice	Working Group on Metabolic Syndrome: Recent Insights into Metabolic Syndrome	Neuroendocrine Hypertension: Integrating Pituitary, Adrenal, and Thyroid Axes
11:50	12:20	ENG Special Lecture			
12:30	13:10	ENG Luncheon Symposium V 	Luncheon Symposium VI 	Luncheon Symposium VII  	Luncheon Symposium VIII 
13:20	14:35	ENG Obesity and Blood Pressure – From Mechanism to Management	Hypertension in Cancer Therapy – Mechanisms, Monitoring, Action	Effective Communication Strategies to Enhance Patient Treatment Adherence	Hypertension, We Often Overlook: What Are We Missing?
14:45	16:00	ENG Cutting-Edge Hypertension Research: Insights from Leading Experts	KSH-KSCP Joint Session: CKM Syndrome: Inter-organ Crossroads and Clinical Implications	Working Group on Hypertension Complication: Hypertension and Heart Failure: From Pathology to Treatment	New Drugs for Hypertension
16:10	16:40	Closing Ceremony
